

Middlesex Coaches and Managers Association
Perry Suckling @ Brunel University, Monday 15th September 2008

On Monday 15th September, the MCMA held its third meeting of the year. This time it was a Goalkeeping session with Tottenham Hotspur Coach Perry Suckling.

The event was attended by over 50 people who watched Perry in action as he put five Goalkeepers from the local area through their paces. The Goalkeepers who took part and the

made the evening a successful event were Darrel Vas, Mark Britt, Rob Pearc, Connor Smart and Ricardo McNeill.

The main aim of the session was to work on Goalkeepers coming out and narrowing down angles at the striker's feet. Perry was very vocal and interactive with the group and got his points across in a productive way.

After the event, Perry had a chat with the group and invited questions from the floor, which he was more than happy to answer. Perry talked about his experiences of coaching and his involvement, including working with Goalkeeping legends Pat Jennings and Neville Southall.

Feedback has been excellent with Coaches finding the session both enjoyable and informative. The Goalkeepers taking part commneted that the coaching was top class and will help improve their own performance. The onlookers mentioned that it was good to see that Perry involved the whole group in the session, as they weren't sure in the past how to coach Goalkeepers without leaving the rest of the group.

We would like to extend a huge thank you to Perry Suckling and Northwood Under 16's who came and took part in the session.

The next session is with Geoff Pike, Regional Coach Development Manager, on Monday 3rd November 2008 at Princes Park Youth, Woodfield Park, Cool Oak Lane, West Hendon, Middlesex, NW9 7BJ.

To book you place or for further information about the MCMA please contact Andy Perren at andrew.perren@middlesexfa.com or 0208 515 1927.
